Downgrade of Hazard Categorization for Buildings 707/707A

Nancy Tuor

President and Chief Executive Officer

Kaiser-Hill Company, LLC

Reference: Letter from D. Del Vecchio to R. Bostic, dated February 16, 2005, (05-RF-00176)
subject: Hazard Categorization Change Request for Buildings 707/707A - DCD-034-05.

The referenced letter requested a downgrade of the nuclear hazard categorization for the Building 707/707A Complex from a Hazard Category 2 to "Non-Nuclear". The demolition of the Building 707/707A Complex and remediation of the area are complete in accordance with the Building 707/707A Decommissioning Operations Plan. Based on this, a hazard categorization of "Less than Hazard Category 3" is approved and both the Building 707/707A Decommissioning Basis for Interim Operation and its associated Authorization Agreement may be cancelled. Any further hazard categorization changes (i.e., radiological versus industrial) of the former Building 707/707A area will be addressed on a site-wide basis. If you have any questions, please feel free to contact me at extension 2025 or Ron Bostic, of my staff, at extension 2109.
